Dear Mr. Weisberg:

I'm sending you the enclosed copy of THE TIMES (Albuquerque) because I thot you'd be interested in my brief coverage of your books in my article "Conspiracy Theoricy" which appears on page 8. While not a review, the article does give your address and a short summary of what your books are about so perhaps some inquiries -- and even sales -- may result from its appearance.

I'd also like to take this opportunity to direct your attention to my other article in this issue (page 17), "Don't Drink the Milk," which deals in more detail with another problem facing this nation -- which is also in need of more public concern (and even outrage).

I hope you find both articles interesting and helpful.

In Peace,

Neal Wilgus
